DETAILED ACTION

1. This application is in condition for allowance except for the following formal matters:

Claim Objections

2. Claims 7-20 and 22 are objected to because they are improper hybrid claims since the preamble does not clearly carry out the method step(s) of claim 1 from which it depends, relative to the preamble. Although it has been established that apparatus claims can depend from method claims, it is improper to add apparatus details without relating them in the preamble properly to the specific step(s) of the method from which these method steps relate to since these apparatus details are comprehensive.

Allowable Subject Matter

3. Claims 1-6 and 21 are allowed.
4. Claims 7-20 and 22 objected to, but would be allowable if rewritten to correct the formalities above.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
